// profile

PROFILE

Motivated IT and software development professional with a strong background across full-stack web development, enterprise systems and digital strategy. I design and build the websites and management systems organisations rely on, and lead IT operations, strategy and digital marketing. Committed to delivering value, driving innovation and building a fulfilling career in technology and leadership.

// experience

EXPERIENCE

Information Technology Manager

Feb 2024 – May 2025

MGA Consulting · Full-Time

- Spearheaded enterprise internal systems, including a tailored HR system and Project Management system (PHP, Laravel, RESTful APIs, MySQL).
- Supervised a cross-functional IT team and set IT strategy, policies and cybersecurity procedures.
- Managed project lifecycles, vendor relationships and IT budgets to deliver cost-effective solutions.

Information Technology Officer

Jan 2023 – Feb 2024

MGA Consulting · Full-Time

- Provided technical support across departments and maintained servers, backups and connectivity, customising company websites with PHP, JS and MySQL.

Digital Marketing Manager & Lead Web Developer

Jun 2023 – Jan 2025

Ghana Digital & Innovation Week (GDIW) · Contract

- Built and maintained the GDIW web platform and ran social strategy across LinkedIn, Facebook, Instagram and X, optimising with Meta Business Suite and Google Analytics.

Information Technology Specialist — National

Oct 2021 – Oct 2022

Service

CSIR-INSTI

- Delivered technical support across departments and built scalable PHP web applications, working in Agile cycles with Git and continuous testing.

Lead Webmaster & Developer

Nov 2021 – Oct 2022

Fliistyl Studio · Part-Time

- Designed and developed responsive WordPress sites with custom themes and plugins, owning the full lifecycle from architecture to post-launch support.

Lead Full-Stack Developer

Apr 2020 – Jul 2021

African Post Online · Contract

- Designed and developed responsive WordPress sites; optimised SEO, page speed and mobile responsiveness, significantly improving traffic and engagement.

Web Developer

Jan 2021 – Aug 2021

Dumore Resources Ltd · Contract

- Built the company website and online store, with ongoing maintenance, security patching and SEO.
